

Palmetto Electric Cooperative, Inc.

JOB POSTING

June 13, 2022

We currently have an opening for a **Supervisor, Fiber Optics** at the New River district office.

Position Summary: Supervises the system-wide design, construction, testing, maintenance, and repair of outside plant fiber optics including all passive optical networks (PONs). Consults on and stakes new fiber optic lines and service drops. Oversees the fiber service drop process. Helps manage fiber materials inventory. Maintains the foreign attachment program and processes new applications for attachment. Requires that all direct and indirect subordinates adhere to the Cooperative's safety rules and regulations.

Position Specifications: High school diploma or equivalent. Five (5) years working knowledge of all phases of operation, construction, maintenance of fiber optic systems to include all major PON design architectures, both overhead and underground. Experience in staking/designing/testing PONs in a retail communications environment. Working knowledge of fiber optic materials and tools. Supervisory skills. Must remain reasonably fit for duty as specifically outlined by management. General knowledge of Optical Line Terminal (OLT) operation. Must have valid driver's license in good standing.

Palmetto Electric offers a full benefits package including a 401(k) and a defined benefit plan.

Interested candidates should submit a resume to HR@Palmetto.coop or complete an application at one of our four office locations.

All applicants for employment shall be considered and hired on the basis of merit, without regard to race, color, religion, sexual orientation, gender identity, national origin, age, disability, status as a disabled veteran or on the basis of pregnancy, childbirth, or related medical conditions.
