Palmetto Electric Cooperative, Inc.

JOB POSTING

June 27, 2025

We currently have an opening for a **Systems Analyst / Developer** at the New River district office.

Position Summary: Responsible for Intranet servers and applications, development, maintenance, administration and security. Provides application, technical and training support for CIS vendor software systems. Maintains CIS database and user security. Develops reports and analytics. Assists Lead Systems Analyst with Oracle & SQL databases for all CIS systems. Possesses an intellectual curiosity for getting at the underlying story being told within complex datasets.

Position Specifications: Bachelor's degree required. Two (2) years' experience in a similar position. Must be familiar with SQL, Oracle DB, and user interface design principles. Possess strong organizational and proactive abilities, coupled with effective communication and project management skills. Demonstrate meticulous attention to detail. Experience with data visualization tools, such as Tableau, is a plus.

Palmetto Electric offers a full benefits package including a 401(k) and a defined benefit plan.

Interested candidates should submit a resume to HR@Palmetto.coop or complete an application at one of our four office locations.

All applicants for employment shall be considered and hired on the basis of merit, without regard to race, color, religion, sexual orientation, gender identity, national origin, age, disability, status as a disabled veteran or on the basis of pregnancy, childbirth, or related medical conditions.
